Anne Arundel Fish and Game Association and the Twelfth Precinct Pistol Club are hosting an introductory bullseye pistol clinic at Anne Arundel Fish and Game Association's range in Annapolis on May 5-6, 2018. This clinic will teach you everything you need to know to get started in the great sport of bullseye pistol shooting.

Each day will include classroom instruction and several hours of range time with experienced shooters helping you to develop and refine your technique. You will come away from this clinic with the training you need to participate in bullseye matches, all the bullseye instructional materials you will ever need, and a plan for continuing to improve your skills. Although this clinic is designed primarily for shooters with little or no experience in bullseye competition, marksman and sharpshooter class bullseye shooters are welcome and will have the opportunity to improve their skills and learn from some of the best bullseye shooters in Maryland.

### What You Can Expect:

Saturday morning will begin with talks on firearms safety, the basic rules of bullseye competition, and an introduction to the fundamentals of pistol marksmanship. We will then proceed to the range for orientation and slow fire practice. After a break for lunch, we will resume with discussions of bullseye equipment and an introduction to reloading, and then return to the range for sustained fire practice. Sunday morning will include classroom sessions on advanced fundamentals, goal setting, mental preparation, and training for continuous improvement. All classroom sessions will include plenty of time for questions, and during range time you will work one-on-one with an experienced coach. Sunday afternoon will be devoted to additional range time, allowing you to pull together all that you have learned over the weekend. Shooters will leave with a good understanding of how to compete and succeed in bullseye pistol matches. Note – due to range restrictions, all shooting will be done with .22 pistols only!
